The Wood County Board of Developmental Disabilities will exercise fiscal responsibility by requiring and assisting individuals served and their families to access all available resources before using county tax levy dollars for needed services and supports, reserving county tax dollars as the payment of last resort. The Wood County Board of DD recognizes the fact that State and local funding is limited. As a result, it is imperative that the Board aggressively seek and secure other sources of income such as Medicaid funding in order to effectively serve as many individuals as possible. Further, the Board recognizes that obtaining and utilizing Medicaid funding is a partnership with those individuals and/or guardians who wish to receive services which may be funded in whole or in part of Ohio's Medicaid program.
