|--|
| 1. Turn on the high voltage power and control system power for the hydraulic unit. These should be left in the "on" position, except when access to the panels is required. |
| 2. Turn on the panel "on-off" switch. This energizes the operating panel. |
| 3. When moving the pool floor:
A. Users may remain on the floor during operation; however, a clearance of 4' from pool wall is required.
B. Turn motor key switch to start position. This activates the motor on the hydraulic pump.
C. Push and hold the appropriate button for raising and/or lowering.
D. Release button to stop floor at desired level.
E. Turn motor key to OFF/STOP.
F. At the end of normal operations for the day, floor must be lowered until ready for use the next day. |
| 4. Only trained personnel and/or internal Wood County Board of Developmental Disabilities employees may operate the movable floor. |
| 5. If floor will not operate, notify maintenance (during regular hours) immediately and maintenance on-call after hours. |
