POLICY

Through its food service program, the Board encourages student to form healthy eating habits by governing the types of food and beverages sold in the school and the time and place at which each type of food and beverage is sold. These standards are based on the following guidelines.

- The types of food and beverages sold in the schools are determined by their potential to contribute significantly to the:
  - Daily nutritional needs of students, consistent with the guidelines established by the U.S. Department of Agriculture (USDA),
  - Provisions of the District's wellness policy and
  - Nutritional guidelines established by Federal and State law.
- The time of day and place for the sale of food and beverage to students must be consistent with the nutrient intake needs and eating patterns of students and compatible with class schedules. The following restrictions are enforced for non-breakfast/lunch and beverage sales:
  - a. Foods and beverages which do not meet the nutritional standards established by the District in accordance with USDA regulations may not be sold during the school lunch period. The Board reserves the right to totally restrict the sale of nonnutritional foods and beverages.
- The food services supervisor reviews and recommends to the Board the types of foods and beverages to be sold as part of the school breakfast and lunch programs.

If the District reports noncompliance the Superintendent/designee must provide a written explanation to the Board within 30 days explaining this noncompliance and a written plan of action for accurately and efficiently addressing the problem.
